Dear Mr. Hengst:

The Puerto Rico Tourism Company has set forth a comprehensive and clear plan for the tourism marketing and development of the Island through a government tourism platform and Master Plan.

Our Promotional and Marketing Campaign showcase all that we have to offer as a destination and with an alliance with Trip Advisor we have presented Puerto Rico as we envisioned it, the All Star Island. As such Five star quality is what we strive and what we seek.

For this matter we are very pleased to know that a company like Six Senses is interested in investing your quality brand in Puerto Rico, in properties like **Inn in the Blue Horizon** in the Island of Vieques.

The Blue Horizon property encompasses approximately 50 acres of oceanfront land on two contiguous parcels and includes the existing "Inn on the Blue Horizon" with 11 guest rooms, the Carambola Restaurant, Blue Moon Bar and tennis courts. A master plan has been developed for a luxury boutique resort comprising 105 hotel keys and a spa in its first phase of development.

Your brand will certainly elevate the quality of our product as a destination, especially for Vieques where there is much interest in its development by the Government of the Commonwealth of Puerto Rico and the Government of the United States. We will be delighted to meet with you or a representative of your company and exchange ideas of different alternatives and opportunities for your brand in our beautiful Island.

Please don't hesitate to contact us at your earliest convenience.

Sincerely,

Luis D. Muñiz Martínez  
Acting Executive Director
